SENIOR LIFE ACTUARY LP14-6086 FINAL FILING DATE: CONTINUOUS

SENIOR LIFE ACTUARY

FINAL FILING DATE: CONTINUOUS

GENERAL INFORMATION

It is the candidate's responsibility to contact the California Department of Insurance, Human Resources Management, Sacramento (916) 492-3303 three days prior to the written test date if he/she has not received his/her notice.

For an examination without a written feature it is the candidate's responsibility to contact the California Department of Insurance, Human Resources Management, Sacramento (916) 492-3303 three weeks after the final filing date if he/she has not received a progress notice.

If a candidate's notice of oral interview or performance test fails to reach him/her prior to the day of the interview due to a verified postal error, he/she will be rescheduled upon written request.

Applications are available at the California Department of Insurance offices, State Personnel Board offices, local offices of the Employment Development Department and on the Internet at http://www.spb.ca.gov/Employment/documents/capp.pdf.

If you meet the requirements stated on the reverse, you may take this examination, which is competitive. Possession of the entrance requirement does not assure a place on the eligible list. Your performance in the examination described on the other side of this bulletin will be compared with the performance of the others who take this test, and all candidates who pass will be ranked according to their scores.

The California Department of Insurance reserves the right to revise the examination plan to better meet the needs of the service if the circumstances under which this examination was planned change. Such revision will be in accordance with civil service laws and rules and all competitors will be notified.

Examination Locations: When a written test is part of the examination, it will be given in such places in California as the number of candidates and conditions warrant. Ordinarily, oral interviews are scheduled in Sacramento, San Francisco, and Los Angeles. However, locations of interviews may be limited or extended as conditions warrant.

Eligible Lists: Eligible lists established by competitive examination, regardless of date, must be used in the following order: (1) subdivisional promotional, (2) departmental promotional, (3) multi-departmental promotional, (4) servicewide promotional, (5) departmental open, (6) open. When there are two lists of the same kind, the older must be used first. Eligible lists will expire in from one to four years unless otherwise stated on this bulletin.

General Qualifications: Candidates must possess essential personal qualifications including integrity, initiative, dependability, good judgment, and ability to work cooperatively with others; and state of health consistent with the ability to perform the assigned duties of the class. A medical examination may be required. In open examinations, investigation may be made of employment records and personal history and fingerprinting may be required.

Interview Scope: If an interview is conducted, in addition to the scope described on the other side of this bulletin, the panel will consider education, experience, personal development, personal traits, and fitness. In appraising experience, more weight will be given to the breadth and recency of pertinent experience and evidence of the candidate's ability to accept and fulfill increasing responsibilities than to the length of his/her experience. Evaluation of a candidate's personal development will include consideration of his/her recognition of his/her own training needs; his/her plans for self-development; and the progress he/she has made in his/her efforts toward self-development.

High School Equivalence: Equivalence to completion of the 12th grade may be demonstrated in any one of the following ways: (1) passing the General Education Development (GED) Test; (2) completion of 12 semester units of college-level work; (3) certification from the State Department of Education, a local school board, or high school authorities that the candidates is considered to have education equivalent to graduation from high school; or (4)for clerical and accounting classes, substitution of business college work in place of high school on a year-for-year basis.
